My ShakSham

User Manual

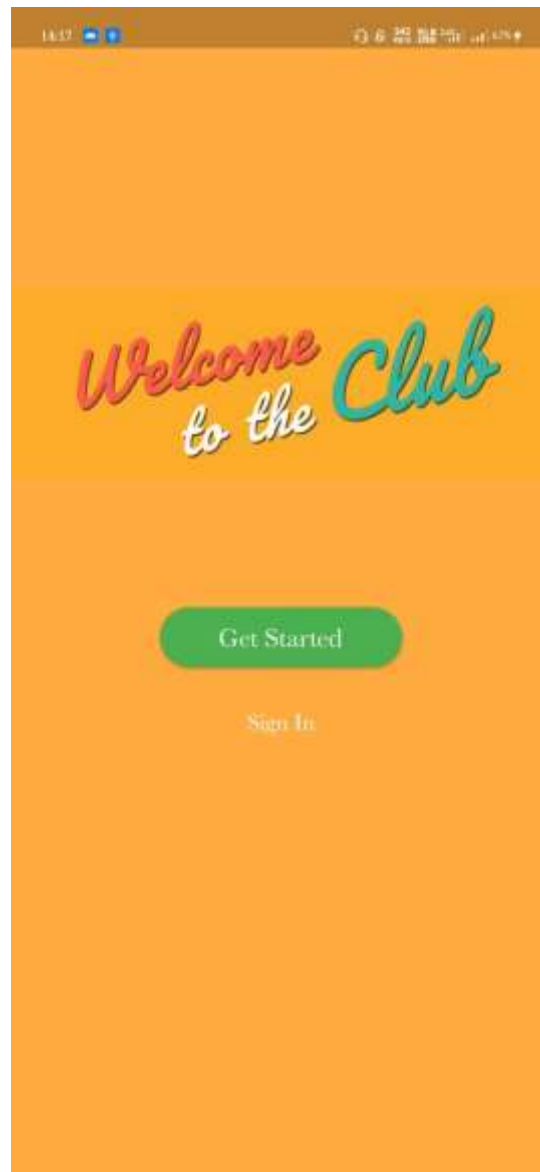

App Icon: This is the only app icon of My ShakSham developed by Aesthetic Developers. We are not responsible for any other app named My ShakSham

App Starting Screen: The app starts with a Splash screen showing the logo of My ShakSham with a loading screen that signifies that the application is loading.

Soon after the loading screen a first user will get a Welcome Screen which will say the user to Get Started(create a new Account) else Sign in.

For a new user would have three option for Login:

1. Create an account with Email and Password
2. Create an account with Google Sign In
3. Create an anonymous account so that if later on you like the app then create an account and all your data from the anonymous account will to transferred to the main account

Next you will be directed to the main Dashboard where you can directly interact with studies. The GIFs added adds a classic look to the app.

Anonymous Login

Menu Bar

Subjects

Search Bar

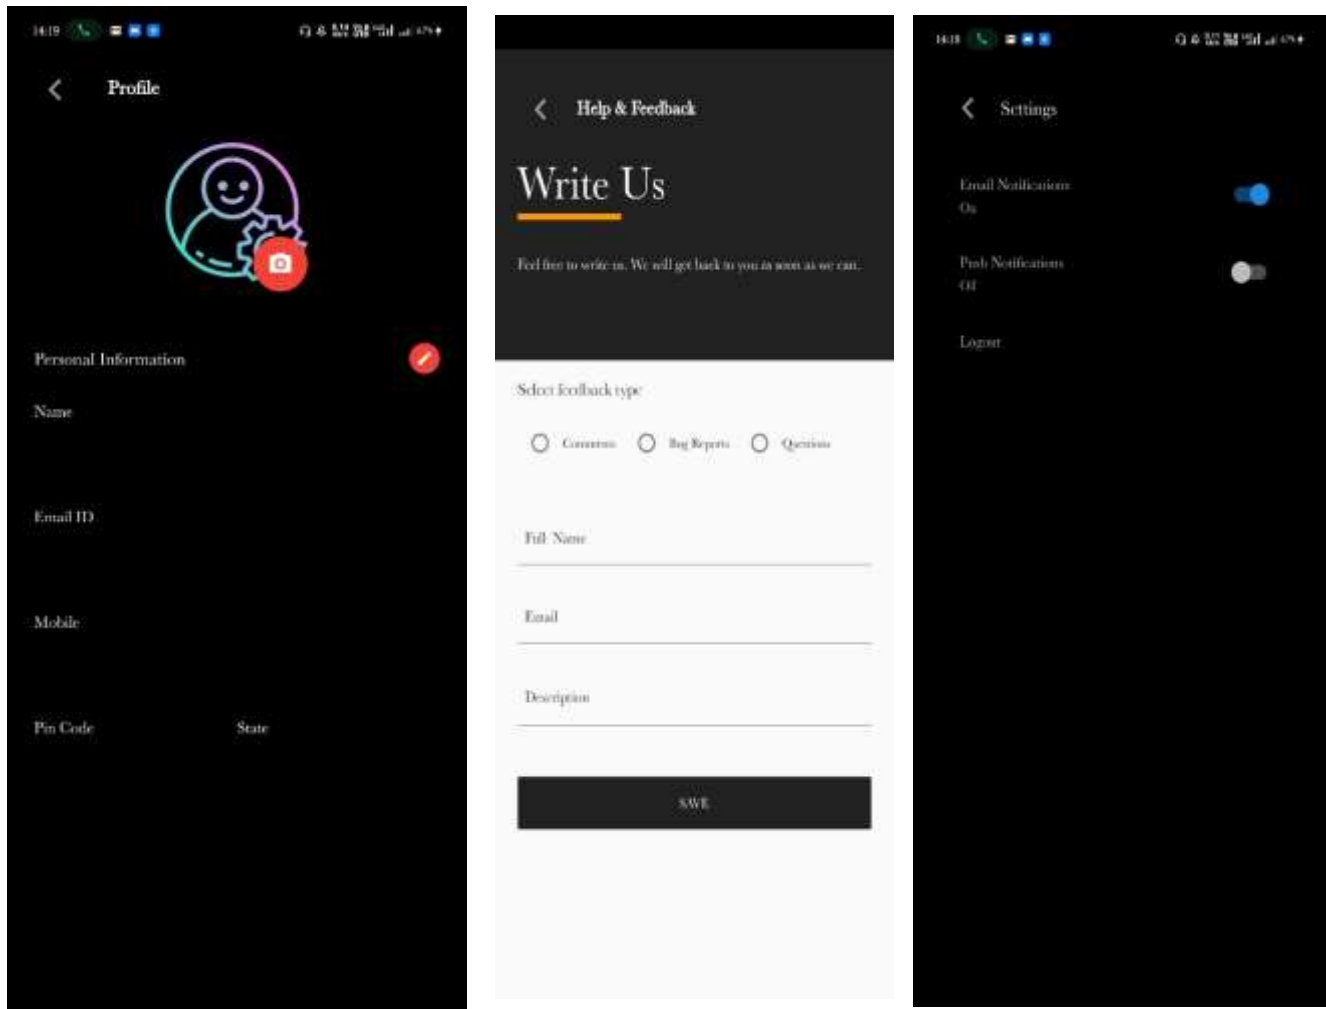

Here the user will get many experience all round the app.

1. Menu Bar

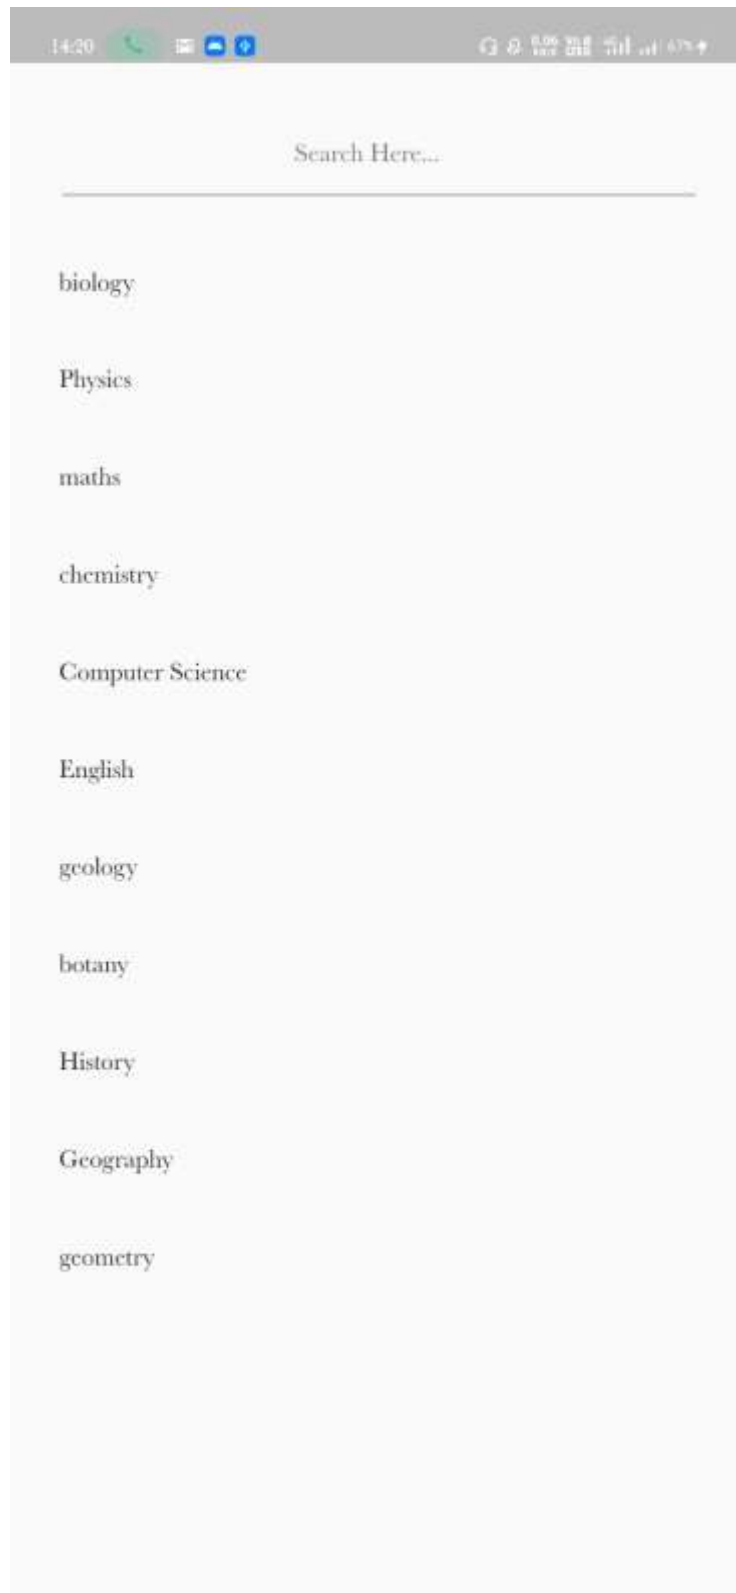

Inside menu bar there are a numerous options that a user can opt for making their profile good.

All the screen shots are given below:

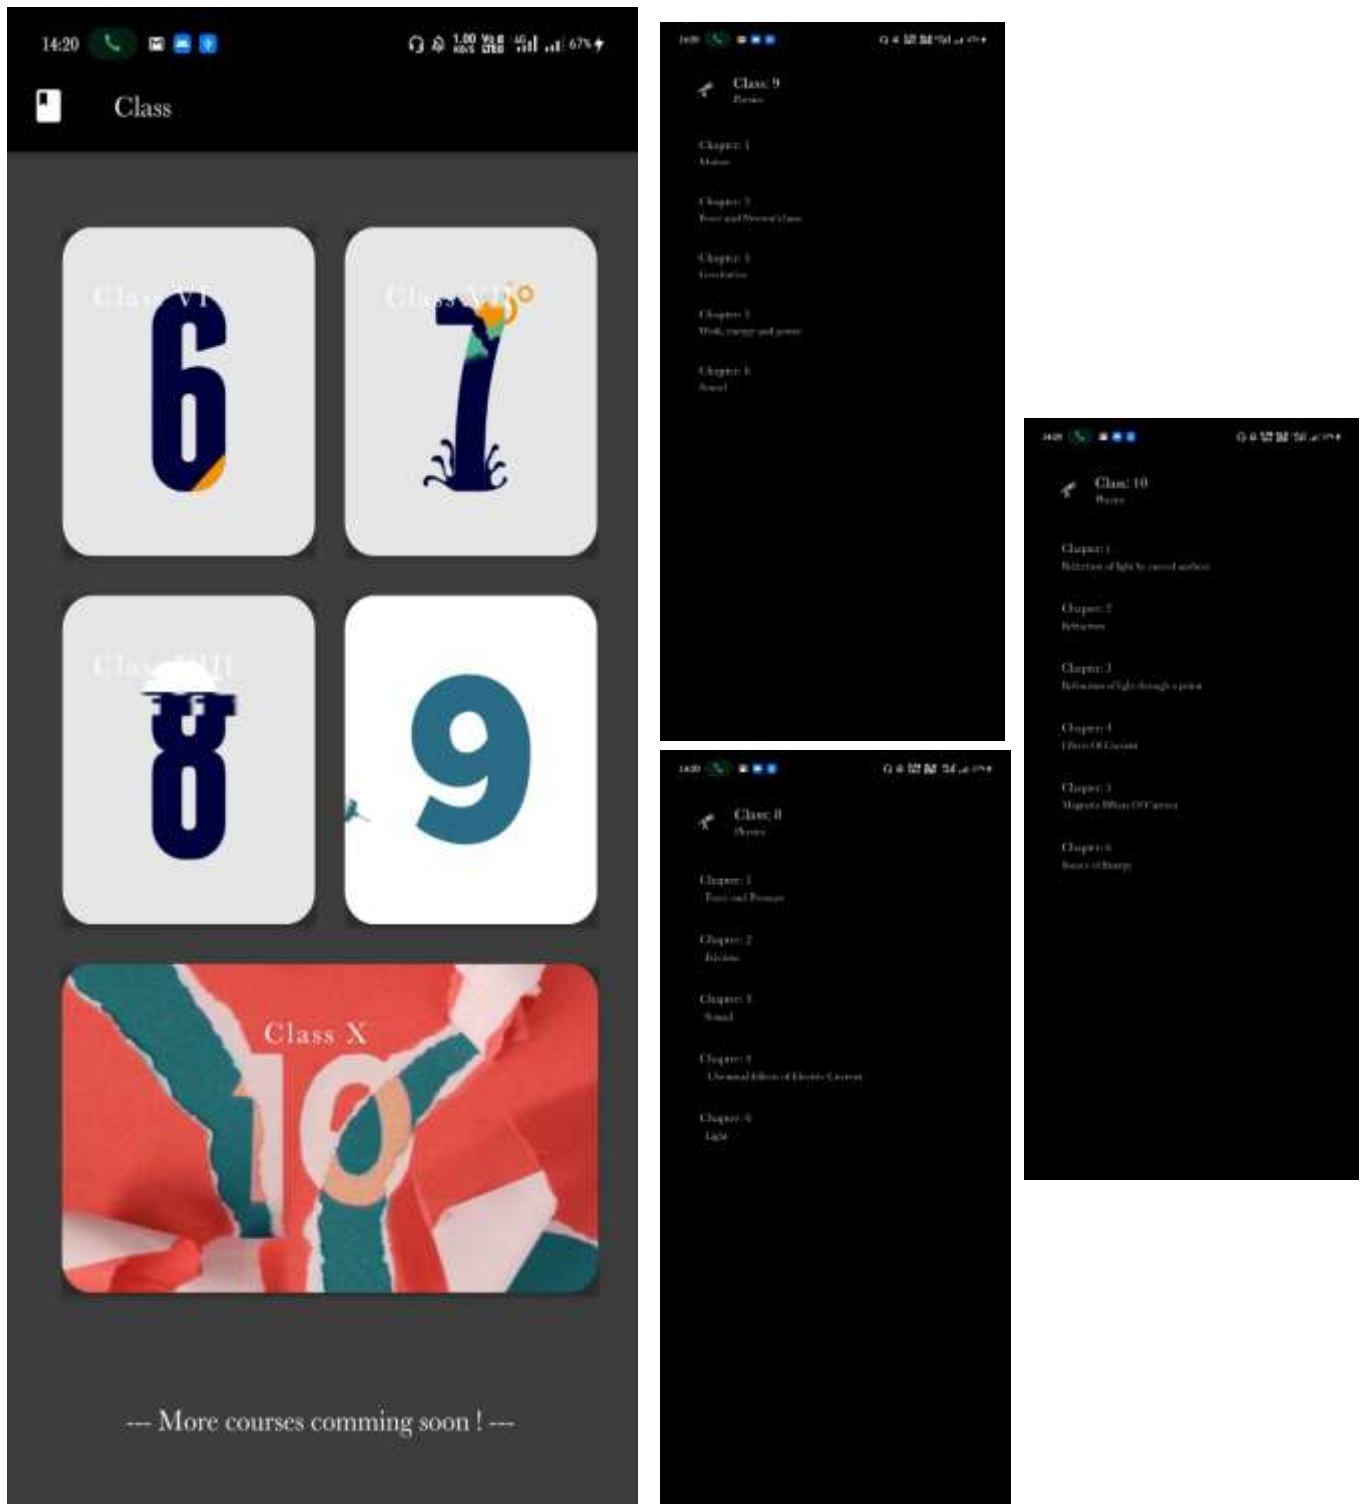

Through the help and feedback the user can interact with us and give us an feedback on how we can implement the changes.

Now for the search bar that can filter the content out for the student within few moments.

After this we come to the main content the class organization and the chapters out there. We have kept a simplistic and a organized look with some GIFs fo better user experience. Here is a look

This is how our app looks like
